

### English

Our first text this term is a non-chronological report, this will be linked to our learning on the Ancient Greeks. We will then complete a persuasive leaflet about the United Kingdom.

### Geography

We will be looking at the countries that make up the UK. We will identify the key topographical features of each country. We will look at how cities have changed over time. We will think about what makes Britain great - looking at London.

### Games

Tag Rugby will be our focus in games on a Wednesday, using some of the invasion skills we learned in term 1. Our gymnastic sessions will be based on movement - how we can move and link together a sequence on a Friday.

### DT

In design and technology we will be looking at food from around the UK. We will be creating a basic biscuit recipe and then modifying it using a budget.

Structures - we will be looking at different structures and then creating a pavilion for 'The King'.

### Maths

In our maths this term we will be looking at area and perimeter. We will then be focussing on multiplication and division strategies, both mental and written. Each day, we will continue to use TTRS to develop our times table knowledge and complete fluency activities to maintain our arithmetic skills.

### Wellbeing

We will be looking at 'Valuing Difference'. We will be comparing ourselves with others and celebrating that we are different.

## The United Kingdom Year 4 Term 2

### Science

Electricity is very important in our lives, but how does it work? What do wires do? We'll be learning all about it, creating circuits and investigating switches.

### Religious Education - Christianity

We will learn all about the Trinity - God the Father, God the Son and God the Holy Spirit. We will be looking at the difference between a gospel and a letter.

### Computing:

We will be using Scratch and coding to create a quiz.
